About Us

Silver Metal Trading LLC is a trusted supplier and stockist of high-quality ferrous and non-ferrous metals, serving a wide range of industrial sectors across Saudi Arabia, Oman, and the United Arab Emirates. We have established a strong reputation by consistently delivering premium-grade materials that meet international standards and demanding project requirements.

Our product range includes alloy steel, carbon steel, stainless steel, tool & die steels, and a comprehensive selection of non-ferrous metals. In addition, we supply engineering plastics such as PTFE (Teflon), Nylon, and Delrin (Acetal Homopolymer – POM). All materials are selected to ensure durability, performance, and suitability for specialized industrial applications.

With years of industry experience, Silver Metal Trading LLC has built lasting relationships with clients by offering reliability, technical expertise, and dependable service. Our operations are supported by global sourcing and regional market knowledge, allowing us to respond efficiently to diverse industrial needs. We focus on quality, precision, and timely delivery to support projects of all sizes.

Backed by an experienced team of professionals, we emphasize strict quality control and efficient logistics at every stage. Our commitment to excellence has earned us the trust of long-term clients across multiple industries. At Silver Metal Trading LLC, we look forward to building strong, long-term partnerships based on quality, service, and mutual growth.

TRUSTED SUPPLIERS OF INDUSTRIAL METALS & ENGINEERING PLASTICS

We focus on performance-driven outcomes, building reliable partnerships through quality materials and expert supply solutions.

Our Purpose and Objectives

OUR MISSION

To supply industries with high-quality and reliable industrial metals and plastics that support efficient and profitable operations. We aim to be a trusted partner in material supply across the region.

OUR VISION

Our vision is to deliver materials that meet the highest international standards and reach industries across Saudi Arabia, Oman, and the United Arab Emirates as a dependable one-stop material supplier.

OUR VALUES

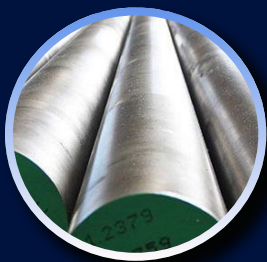

We are committed to our core values of quality, integrity, and reliability as the foundation of our growth. We continuously align our products and services with evolving industrial demands.

Our Range of Premium Industrial Metals & Plastics

At Silver Metal Trading LLC, we provide a wide and comprehensive range of high-quality industrial metals and engineering plastics to meet the diverse needs of modern industries. Our materials are sourced globally and stocked regionally to ensure fast and reliable supply. Every product is selected for its durability, precision, and performance, helping our clients achieve consistent results across a variety of applications, from heavy engineering to precision manufacturing.

Ferrous Metals

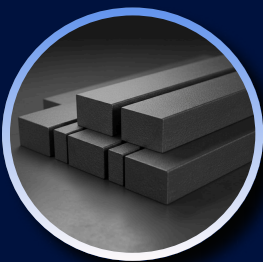

Our ferrous metals are engineered for strength, durability, and precision. Ideal for construction, manufacturing, and engineering applications, these materials are sourced to meet international standards.

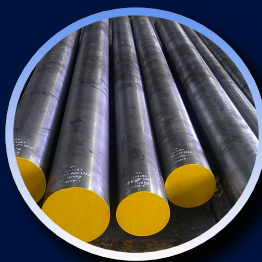

Tool Steel/ Die Steel

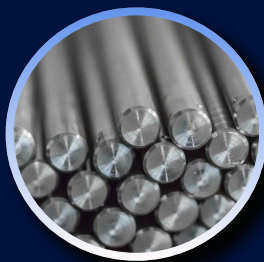

Stainless Steel

Cast Iron

Alloy & Carbon Steel

Chrome Rod

Non Ferrous Metals

We supply a wide range of non-ferrous metals, selected for corrosion resistance, conductivity, and high-performance applications. Perfect for aerospace, electrical, and industrial projects.

Aluminum

Api

Super Alloy

Copper

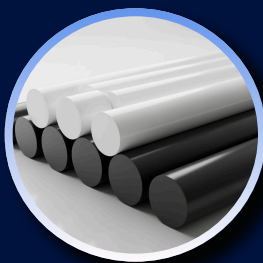

Brass & Bronze

Plastic Products

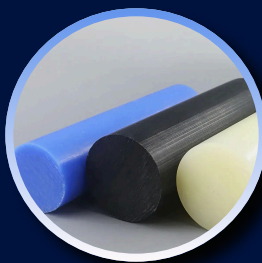

Our engineering plastics are chosen for their strength, chemical resistance, and precision. Ideal for applications requiring high durability and performance in harsh environments.

(TFE) Teflon

Super Alloy

Industries We Serve

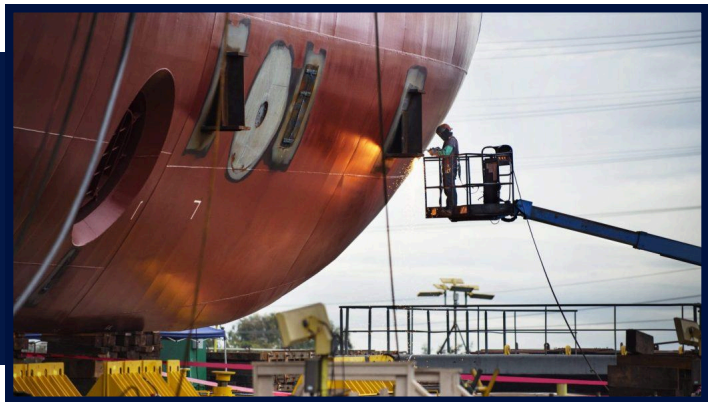

At Silver Metal Trading LLC, we cater to a diverse range of industries, providing high-quality metals and engineering plastics that meet the demanding standards of modern industrial applications. Our materials and expertise support businesses in achieving precision, durability, and reliability across every project. Our Key Industries Include:

Automobile: Our metals and plastics are customized to meet automotive manufacturing and maintenance requirements, providing strength, reliability, and long-term durability.

Aerospace & Aviation: We supply metals and engineering plastics engineered for precision, strength, and reliability, meeting the stringent standards of the aerospace and aviation industry.

Ship Repairing & Marine Servicing: Our corrosion-resistant metals and durable plastics are designed to withstand harsh marine environments, supporting ship repairing and marine servicing operations.

Oil & Gas (Offshore & Onshore): We provide high-performance alloys and materials that endure extreme conditions, ensuring safety and reliability for offshore and onshore oil and gas projects.

Kitchen Equipments: Our hygienic and durable metals and plastics are ideal for commercial and industrial kitchen applications, delivering long-lasting performance and safety.

Industrial Engineering: We offer robust metals and engineering plastics tailored for machinery, fabrication, and infrastructure projects, helping industrial engineers achieve precision and efficiency.

Our Presence

At Silver Metal Trading LLC, we are proud to serve key industrial markets across the Middle East. With a strategic presence in Saudi Arabia, the United Arab Emirates, and Oman, we ensure reliable supply, fast delivery, and consistent support for all your industrial metal and plastic needs.

Our regional operations allow us to respond quickly to client requirements, maintain strong relationships, and provide expert technical guidance. By combining local expertise with global sourcing, we deliver high-quality materials where and when you need them.

Whether it's ferrous metals, non-ferrous metals, or engineering plastics, our presence across these markets ensures that businesses have a dependable partner for their industrial projects.

With a strong presence in Saudi Arabia, UAE, and Oman, Silver Metal Trading LLC ensures fast, reliable supply of metals and plastics with expert support.

SAUDI ARABIA

UAE

50+

We are a dedicated team of over 50 professionals, serving clients across Saudi Arabia, UAE, and Oman with punctuality, expertise, and professionalism.

150+

We have built strong relationships with 150+ satisfied clients, earning trust as a reliable partner for industrial metals and plastics across the region.

30+

We provide customized solutions for over 30 industrial sectors, helping businesses achieve precision, quality, and efficiency in every project.

100+

We have built strong relationships with 100 satisfied clients, earning trust as a reliable partner for industrial metals and plastics across the region.

Material & Supply Capabilities

Supporting industrial projects with quality materials, technical expertise, and reliable supply solutions.

1. Global Metal & Plastic Sourcing

We source high-quality ferrous, non-ferrous metals and engineering plastics from trusted global partners, ensuring consistent quality and international standards.

2. Precision Processing Support

Our materials are supplied in customized sizes and specifications, supporting efficient fabrication and reducing material wastage for industrial applications.

3. Reliable Stock & Supply Management

We maintain ready stock of stainless steel, alloy steels, non-ferrous metals, and plastics to ensure uninterrupted supply for critical projects.

4. Efficient Logistics & Timely Delivery

With strong regional logistics, we ensure on-time delivery across Saudi Arabia, UAE, and Oman, keeping projects on schedule.

5. Technical & Sales Expertise

Our experienced team provides technical guidance and product support, helping clients select the right materials for their specific industry needs.

Service Standards & Commitments

Quality Without Compromise

Every material we supply from stainless steel and alloy steels to engineering plastics is sourced and handled with strict quality checks to ensure consistency, performance, and reliability.

Exceeding Expectations

Through proactive planning, expert guidance, and meticulous execution, we ensure every delivery and service goes beyond client expectations. We aim to add value to every project with reliable and precise execution.

Sustainability & Responsibility

We follow ethical sourcing, minimize waste, and adopt eco conscious practices to support sustainable industrial operations. We deliver sustainable outcomes efficiently without compromising on quality.

Why Choose Silver Metals?

At Silver Metal Trading LLC, we combine extensive industry expertise with a commitment to quality and reliability. Our tailored solutions, timely deliveries, and technical support ensure that clients across Saudi Arabia, UAE, and Oman can trust us for all their metal and plastic requirements. We strive to build lasting partnerships by consistently exceeding expectations and adding value to every project.

Trusted Expertise

With years of experience in supplying ferrous and non-ferrous metals as well as engineering plastics, we deliver precise solutions tailored to the specific needs of each industry.

Trusted Partner Network

Our strong presence across Saudi Arabia, UAE, and Oman and partnerships with global suppliers ensure timely delivery, consistent quality, and dependable service for every project.

Client Success

We prioritize understanding client requirements, providing technical guidance, and delivering customized solutions that add real value and help projects succeed efficiently.

Trusted Partners & Industry Leaders

We take pride in collaborating with a wide network of global and regional suppliers, distributors, and industry leaders. These partnerships enable us to provide high-quality metals and engineering plastics consistently, meeting the diverse needs of our clients across Saudi Arabia, UAE, and Oman.

Our partners share our commitment to excellence, sustainability, and innovation, allowing us to deliver reliable solutions that add real value to every project. Together, we ensure clients receive not only superior materials but also trusted expertise and seamless service.
